- Only Fishing Resort on Scout Lake portion of Lac Seul;

We're located on the Northwest side of Lac Seul, offering light housekeeping cabins as well as outpost packages. Lac Seul is renowned for it's fishing with thousands of inlets and bays that traverse it's 150 mile length. Whether it's the golden walleye, the mighty northern pike, the elusive muskie or smallmouth bass, the waters abound with all of these species. Without the need for a portage, you can fish and explore new waters on a daily basis. While the lake is large, the many bays and inlets provide close contact with the shore and many sheltered areas.
